

Monday

- ▼ 1. Some facts about homomorphisms
 - a. preserves id
 - b. preserves inverses
 - c. others
- ▼ 2. kernel is normal
 - a. examples
 - b. index 2 subgroup is normal
 - c. hom: D_4 to V_4

Wednesday

- 1. More homomorphisms
- 2. Classification of finite abelian groups

Friday

- 1. Anybody ready to present?
