Swine Flu

1) Consider this code "td.fred { color:red}". Which text is affected by it? (Circle **all** that apply. Choose zero or more.)
      a) Everything anywhere inside <td>..</td>
      b) Everything anywhere in the class "fred".
      c) Some other choice.

2) Suppose the **only** thing in the file was the code "td.td { color:red}". What would be a good reasonable name for the file (Circle all that apply.)
      a) swine-flu.html   c) swine-flu.txt
      b) swine-flu.css   d) swine-flu.doc

3) How big is the file mentioned in question #2? (Choose exactly one.)
      a) a few bytes   c) a few megabytes
      b) a few kilobytes   d) 1024x768 pixels

4) What is $1/3 + 1/5$? (Answer in the form of a fraction, not a decimal. Yes, for real.)

5) Suppose I take a picture. I edit it and want to save it such that it's as quick to download as reasonable. What file format should I choose? (Choose exactly one.)
      a) jpg   b) png   c) gif   d) bmp   e) swine flu

6) I find a picture on the web. I'd like to download it to my server and use it for my site. Is this legal?
      a) Generally, no. It's a copyright violation.
      b) Generally, yes. It's available on the web for people to use.

7) I wrote some Javascript. I'd like my code to run when the user has filled out the form an submits it. Which is most correct? (Choose exactly one.)
      a) <input type=submit onclick="doCode()">
      b) <form onsubmit="doCode()">
      c) <body onsubmit="doCode()">
      e) <input type=submit onclick="doCode">
      b) <form onsubmit="doCode">
      c) <body onsubmit="doCode">

8) Which of these is correct Javascript? (Circle **all** that are correct. Choose zero or more.)

```function do()```
```{```
   ```document.getElementById("swineflu").value = 3;```
```}```
	```action do```
	```{```
	   ```alert("Swine Flu");```
	```}```
		```do {}```
		```(```
		   ```f = 123.456;```
		   ```alert(f);```
		```)```

8) Which of these is correct (Circle **all** that are correct. Choose zero or more.)

<html>
  <Head>
        stuff
  </head>
  </html>
  <body>
        stuff
  </body>
	<html>
	  <Head>
	        stuff
	  </html>
	  <body>
	        stuff
	  </body>
	</head>
		<html>
		  <Head>
		        stuff
		  </head>
		  </html>
		stuff

THE MOST YOU CAN GET ON THIS PAGE IS SEVEN POINTS!!!!!

1) Make me a web page using a table that shows the tic-tac-toe board on the chalk board.
       a) Has the title as shown on the chalk board
